FROM THE GOVERNOR

THANK YOU FOR YOUR SERVICE

"My cousin Paul, a U.S. Marine, fought in Vietnam. As a youngster, I was sickened to see the way that he was treated when he came home. I swore, as many of you did too, that such treatment of our vets would never happen again. Not on my watch."

North Carolina loves her veterans, her active military, and their families. As your Governor, I want to make sure that you have all of the tools that you need to succeed. I also want to make sure our state government is walking with you every step of the way.

I created a new cabinet level Department of Military & Veterans Affairs helmed by Marine General Cornell Wilson, with the express purpose of coordinating all the agencies across the state and federal government together with their non-profit and volunteer partners to better serve you.

Across the colleges and departments such as Commerce, Health, Transportation, Public Safety and Military & Veterans Affairs, my goal is a united team, a "one-stop-shop," where all of a veteran's questions, concerns and needs can be solved in one place. From jobs and education to health care and benefits, this Resource Guide is part of our NC4VETS initiative "to make North Carolina the most Military & Veteran Friendly State in America," and it doesn't stop here.

Call us at (844) NC4-VETS, or visit us online at NC4VETS.com for the latest updates, and share them with fellow Veterans on Facebook, Twitter, and Instagram, too.

We've worked hard to break down the barriers and make government work for you. You deserve it.

If you are a friend or family member, please share this guide with a veteran, guardsmen, or reservist you love. And if you are still on Active Duty, we've added a new section for you. So hold onto this guide, you may need it when you make this great state your home!

Join me in making sure that every veteran knows that when North Carolina says "Welcome Home" we mean it.

Welcome Home Heroes, and may God continue to bless America!

Pat McCrory, Governor
The State of North Carolina

HOW AMERICASERVES WORKS

AmericaServes is a **coordinated network** of services, resources, and care, that provides **direct access** for veterans, service members, and their families. The local **Coordination Center** (human element supporting the Network) coordinates referrals, and the **technology platform** records updates and data in a secure way, allowing providers to refer clients for **multiple services**, and **track referral progress** when convenient for them.

Veteran, service member or family accesses the Network via a participating provider, online website, or the Coordination Center, and requests one or more services.

The Coordination Center performs an intake to understand the client's needs, then creates a referral and sends it to an appropriate provider that can meet the client's needs and eligibility requirements.

The provider connects with the client and provides the services they need. Throughout this process, they also update the case file on the Network's platform.

The Coordination Center closely monitors the referral until the client's needs are met.

AmericaServes

HOW AMERICASERVES HELPS ORGANIZATIONS

Providers are able to **refer clients** they are unable to serve to receive the care they need, without taking on the time burden associated with linking to another provider and following up with the client – the Coordination Center performs these functions

Funders are able to be part of a larger, **nationwide collaborative**, and track the **return on their investment** through robust data and outcome measures

NC is now offering Veterans with certain Military Occupation Specialty (MOS) credit toward several NC License occupations. In reference to NC General Assembly Session Law 2014-67, License Boards representing several NC license occupations have been required to provide a process to recognize military training in pursuing a licensed occupation in NC.

VETERANS *AND* ENERGY

OPPORTUNITIES IN THE OIL & NATURAL GAS INDUSTRY

★ Vets4Energy ★

A vast opportunity exists for the oil and natural gas industry to attract, retain, and develop lifelong careers for veterans in the industry. Over the next four years, the Department of Defense estimates that approximately one million service members will transition out of the military. In addition, the Department of Veterans Affairs reports that there are more than 12 million veterans under the age of 65 living in the U.S. These veterans and military service members are highly trained in a wide variety of occupational areas; **their extensive skills attained from their military training and experience make them ideal candidates to fill the projected 1.3 million job opportunities** available in the oil and natural gas industry.

VETERANS IN OIL & GAS

Over the last several years the number of veterans working in the oil and gas and petrochemical industries has been growing with **nearly 185,000 veterans employed in 2014**. These veterans are diverse, with **nearly 6,000 female veterans and more than 41,000 minority veterans filling positions in all sectors of the industry and across all regions of the country**. The West South Central, Middle Atlantic, and South Atlantic regions are especially prominent for veterans, with those three regions accounting for 60% of all veterans employed in the oil and gas industry. The oil & gas and petrochemical industries consistently employ larger shares of veterans than both the government and the private sector.

In 2014, veterans accounted for:

10.5%

of the oil & gas and
petrochemical industry
workforce

How to File a Claim

Compensation + Pension

Veterans with Disabilities

* The quickest way to navigate the claims process is to work with an **Accredited Veteran Service Officer** - Whose services are **FREE**. Paying for services WILL NOT expedite the process.

BE PREPARED TO FILE YOUR CLAIM

BRING a copy of your DD 214 and evidence that supports your claim. Never assume the VA has the necessary information on file.

BE SURE your VA file number is included on every page of your correspondence and documentation.

RESPOND quickly and completely to the VA's request for further information.

KEEP all scheduled medical appointments.

NOTIFY the VA immediately if your address or phone number changes.

KNOW your service dates and Social Security number. If you are a spouse of a deceased veteran, you should know this information, along with any previous marital status of your veteran.

CONSIDER using direct deposit to receive VA payment and be prepared to provide a voided check.

HOW TO FILE A DISABILITY CLAIM

1 STEP 1: FILE A CLAIM

Filing for veterans benefits is a free service provided by the North Carolina Division of Veterans Affairs and local County Veteran Service Officers (CVSO). Claims can also be filed by National Service Offices such as: VVA, VFW, American Legion, and Disabled American Veterans (DAV), etc. The disability claim process begins the moment you file a claim.

To file, veterans must sign a power of attorney (POA) which authorizes VSOs to act on your behalf when preparing, presenting and prosecuting your claim for any and all benefits from the VA, or you can do it yourself at eBenefits (see page 41).

2 STEP 2: SUBMIT EVIDENCE

You must submit evidence to support your disability claim. Evidence submitted at the time of the filing will help expedite your claim. Your disability evaluation will be based on the evidence so it is essential that the information is accurate and complete. VSOs can assist you in this process.

3 STEP 3: GET A VA PHYSICAL EXAM

The exams that the VA requests will depend on your claim and treatment history. Your nearest VA Medical Center will schedule the exam and contact you to let you know when and what exams are scheduled. After the exams, a report will be prepared and sent to a rating board. You can help the process go faster by keeping your appointments and asking your private medical providers to send copies of your records to the VA office.

TIP: Ask your private doctor to include your VA file number on all records they submit.

4 STEP 4: OBTAIN VA DECISION

The VA will consider all evidence submitted and make a decision about whether or not the claim supports injuries and disabilities chronically incurred, aggravated or contains certain presumptive conditions while in service.

If the VA approves the claim, then a rating is decided based on how severe your conditions are. The rating is defined and set based on federal law.

OPTIONS FOR DENIED CLAIMS OR IF YOU DISAGREE WITH A DECISION

If the VA denies your claim you may appeal the decision. You may also appeal if your claim was approved, but you disagree with any part of the rating.

An appeal involves many steps, some of which are optional, some that are required. The appeals process has strict time limits that include:

1. Notice of Disagreement (NOD)
2. Statement of Case (SOC)
3. Hearing (Optional)
4. Formal Appeal (Form 9)
5. Board of Veterans Appeals (BVA)
6. U.S. Court of Appeals for Veterans Claims (CAVC)

Unfortunately, this process can take years to come to a final decision, but once a decision has been made, you will be notified by mail.

Note: Before you file an appeal, consider obtaining new & material evidence and request your denied claim be reconsidered. This can save time and effort. Talk to your local Veterans Service Officer before you file an appeal.

VETERANS CLAIMS & ADVOCACY FOR VETERANS, THEIR SURVIVORS AND DEPENDENTS

The Federal VA benefit system actually is a legal system. In order to qualify for benefits, veterans must file a claim against the United States proving they are eligible for these benefits through the submission of legal, military and medical evidence.

NCDVA employs federally accredited and state certified Veterans Service Officers (VSOs) who are subject matter experts in Federal VA law (Chapter 38 United States Code and Chapter 38 Code of Federal Regulations) and are allowed to practice by taking Power of Attorney for veterans seeking benefits. These VSOs represent veterans, their dependents and survivors before the Federal VA in their claims and appeals.

With its County Veteran Service Officer and National Service Officer partners, NCDVA provides claims and counseling advocacy and representation to North Carolina's 800,000 veterans.

In 2014, NC Veterans completed 68,895 claims, an increase of 38% from 2013.

Currently, NCDVA holds Power of Attorney for nearly 150,000 North Carolina Veterans.

In addition to claims work, VSOs regularly help veterans and their families learn about other benefits that they may be eligible for. VSOs are knowledgeable about the many resources available within the state and can usually assist in finding help and solutions to issues that you may be facing.

AGENT ORANGE REGISTRY HEALTH EXAM FOR VETERANS

VA's Agent Orange Registry health exam alerts Veterans to possible long-term health problems that may be related to Agent Orange exposure during their military service. The registry data helps VA understand and respond to these health problems more effectively.

This comprehensive health exam includes an exposure history, medical history, physical exam, and any tests if needed. A VA health professional will discuss the results face-to-face with the Veteran and in a follow-up letter.

GULF WAR REGISTRY HEALTH EXAM FOR VETERANS

VA's Gulf War Registry Health Exam alerts Veterans to possible long-term health problems that may be related to environmental exposures during their military service. The registry data helps VA understand and respond to these health problems more effectively.

This comprehensive health exam includes an exposure and medical history, laboratory tests, and a physical exam. A VA health professional will discuss the results face-to-face with the Veteran and in a follow-up letter.

Important points about registry health exams

- Free to eligible Veterans and no co-payment
- Not a disability compensation exam or required for VA benefits
- Enrollment in VA's health care system not necessary
- Based on recollection of service, not on their military records
- Veterans can receive additional registry exams, if new problems develop
- Veterans' family members are not eligible for registry exams

Eligibility for Gulf War Registry Health Exam

Veterans who served in the Gulf during Operation Desert Shield, Operation Desert Storm, Operation Iraqi Freedom, or Operation New Dawn are eligible for the Gulf War Registry exam.

You do not need to be enrolled in VA health care to take part.

AIRBONE HAZARDS AND OPEN BURN PIT REGISTRY

Veterans and Service Members who were close to burn pit smoke or exposed for longer periods may be at greater risk for health problems. Health effects from burn pit exposure will vary and depend on a number of factors such as the kind of waste being burned, pre-existing conditions, and wind direction.

Veterans and Service members can use the registry questionnaire to report expo-

sure to airborne hazards (such as smoke from burn pits, oil-well fires, or pollution during deployment), as well as other exposures and health concerns.

Registry participation is open to any Veteran or Service Member who served in:

- OEF/OIF/OND or in Djibouti, Africa, after September 11, 2001, or
- Operations Desert Shield or Desert Storm or the Southwest Asia theater of

operations after August 2, 1990.

The Southwest Asia theater of operations includes the following locations: Iraq, Kuwait, Saudi Arabia, Bahrain, Gulf of Aden, Gulf of Oman, Oman, Qatar, United Arab Emirates, waters of the Persian Gulf, Arabian Sea, and the Red Sea, and the airspace above these locations. For more information and to register visit: www.veteran.mobilehealth.va.gov/AHBurnPitRegistry

PRESUMPTIVE HEALTH CONDITIONS

There are three categories in which veterans may qualify for service-connected disability based on a condition to be presumed by military service. These groups are:

- ▶ **1)** veterans who were diagnosed with a chronic disease such as arthritis, diabetes, or hypertension within one year of being released from active duty;
- ▶ **2)** veterans diagnosed with amyotrophic lateral sclerosis (ALS) anytime after discharge of service and have at least 90 days of continuous service; and
- ▶ **3)** veterans who served in the conflicts / geographic regions associated with those diagnosed conditions identified below. For more information on presumptive health conditions, please contact a VSO.

Former POW's Imprisoned for not less than 30 days and a disability of at least 10 percent disabling.

Vietnam Veterans [Exposed to Agent Orange] Served in the Republic of Vietnam between Jan. 9, 1962 and May 7, 1975.

Atomic Veterans [Exposed to Ionizing Radiation] Participated in atmospheric nuclear testing; occupied or was a POW in Hiroshima or Nagasaki; service before Feb. 1, 1992 at diffusion plant in Paducah, KY, Portsmouth, OH, or Oak Ridge, TN; or service before Jan. 1, 1974 at Amchitka Island, AK.

Gulf War Veterans

Served in the Southwest Asia Theater of Operations during the Gulf Wars with conditions that are medically unexplained,

including chronic multi-symptom illnesses defined by a cluster of signs or symptoms that have existed for six months or more.

Camp Lejeune [Exposure to Contaminated Drinking Water at Camp Lejeune]

Veterans Affairs will evaluate disability compensation claims based on exposure to contaminated water at Camp Lejeune on a case-by-case basis. The water systems were contaminated from August 1953 through December 1987. For more information about presumptive conditions and Camp Lejeune, please visit: www.publichealth.va.gov/exposures/camp-lejeune

DEPENDENCY AND INDEMNITY COMPENSATION

Dependency and Indemnity Compensation (DIC) is the primary monthly monetary benefit payable to surviving dependents of a deceased veteran, and is the monetary benefit to disability compensation for veterans.

This benefit is payable if the veteran died on active duty or in the line of duty and the death was not due to willful misconduct. Or, if death was after service, the death was caused by or attributed to a service-connected disability, or, if service member was rated 100% compensation for certain statute time limits.

The current basic monthly rate of DIC is \$1254.19 for an eligible surviving spouse. The rate is increased for each dependent child, and also if the surviving spouse is housebound or in need of aid and attendance. VA also adds a transitional benefit to the surviving spouse's monthly DIC if there are children under age 18. The amount is based on a family unit, not individual children.

DEATH PENSIONS

Survivors' (Death) Pension is a needs-based benefit paid to an unmarried surviving spouse, or an unmarried child, who meets certain age or disability requirements, of a deceased wartime veteran.

In order to qualify for a VA Death Pension, the VA calculates income received from most sources by the surviving spouse and any eligible children. It includes earnings, disability and retirement payments, unemployment insurance payments, interest and dividends payments, and net income from farming, business or rental property.

If the income is below a certain level, the dependent or surviving spouse may be eligible for this pension.

BURIAL BENEFITS

Dependents and surviving spouses of an eligible veteran are eligible to be buried in national cemeteries.

When a death occurs and eligibility for interment in a national cemetery is determined, grave space is assigned by the cemetery director in the name of the veteran or family member. One gravesite is permitted for the interment of all eligible family members, unless soil conditions or the number of family decedents necessitate more than one grave. There is no charge for burial in a national cemetery.

See Page 44 for more information on Burial Benefits.

HEADSTONES AND MARKERS

Spouses and dependents are not eligible for a Government-furnished headstone or marker unless they are buried in a national cemetery, state veteran's cemetery, or military post/base cemetery.

COMPENSATION AND PENSION:

A monetary benefit paid to veterans who are disabled by an injury or illness incurred or aggravated during active military service. These disabilities are considered to be service connected.

DISABILITY COMPENSATION

Disability compensation is paid monthly and varies with the degree of disability, the impairment to a veteran's earning capacity and the number of dependents. Veterans with certain severe disabilities may be eligible for additional special monthly compensation. These benefits are not subject to federal or state income tax.

NATIONAL GUARD / SELECT RESERVE

Reservists who serve on active duty establish veteran status and may be eligible for the full range of VA benefits, depending on the length of active military service and a discharge or release from active duty under conditions other than dishonorable. In addition, reservists not activated may qualify for some VA benefits.

National Guard members can establish eligibility for VA benefits if activated for federal service during a period of war or domestic emergency. Activation for other than federal service does not qualify guard members for all VA benefits.

Claims for VA benefits based on federal service filed by National Guard members should include a copy of their military orders, presidential proclamation or executive order that clearly demonstrates the nature of their federal service.

MILITARY RETIRED PAY

Historically, veterans have not been permitted to receive full military pay and VA compensation for benefits at the same time. Veterans who were entitled to both have had to either waive a portion of their retirement equaling the amount of awarded VA compensation or elect not to receive VA compensation at all. Receiving both benefits and retirement pay is commonly known as "concurrent receipt."

In 2004, Congress passed the Concurrent Retired and Disability Pay Act, allowing many veterans to receive 100 percent of the military retirement and VA compensation.

Because of the complexity of this issue, visit www.dfas.mil for more information.

VA DISABILITY PENSION BENEFIT FOR WARTIME VETERANS

A non-Service-Connected Disability VA Pension is a benefit paid to wartime veterans who have limited or no income, and who are age 65 or older, or under 65 and are permanently and totally disabled, a patient in a nursing home or are receiving Social Security disability payments. The amount that's payable depends upon the type and amount of income the veteran and family members receive from other sources.

Veterans who are more seriously disabled may qualify for Aid and Attendance or Housebound benefits. These benefits are paid in addition to the basic pension rate. Monthly payments are made to qualified veterans to bring their total income to a congressionally established support level (including other retirement and Social Security income).

AID AND ATTENDANCE (A & A)

An A&A benefit is paid in addition to monthly pension. A&A is allowed if the veteran: requires the aid of another person in order to perform his or her daily living activities; is bedridden; is a patient in a nursing home due to mental or physical incapacity; or has corrected visual acuity of 5/200 or less, in both eyes, or concentric contraction of the visual field to 5 degrees or less.

HOUSEHOLD BENEFITS

A&A may not be paid without eligibility for pension. Qualifying veterans must have a single permanent disability (rated 100 percent disabled), and need assistance, or have a single permanent disability (100 percent disabled) and another disability, or disabilities, evaluated as 60 percent or more disabling.

A veteran cannot receive both A&A and Household Benefits at the same time.

WHAT IS eBENEFITS?

eBenefits is a joint VA/DoD web portal that provides resources and self-service capabilities to Veterans, Service Members, and their families to research, access and manage their VA and military benefits and personal information. eBenefits uses secure credentials to allow access to personal information and gives users the ability to perform numerous self-service functions. It is an essential way for veterans, service members, and their families to receive access to and service from VA and DoD.

WHAT CAN I DO IN eBENEFITS?

Some of the features within eBenefits allow veterans and service members to access official military personnel documents, view the status of their disability compensation claim, transfer entitlement of Post-9/11 GI Bill to eligible dependents (service members only), and register for and update direct deposit information for certain benefits.

HOW DO I ACCESS eBENEFITS?

eBenefits is located at www.ebenefits.va.gov. Before veterans or service members can access and use eBenefits they must be listed in the Defense Enrollment Eligibility Reporting System (DEERS) and obtain a DS Logon. They can choose from two levels of registration, DS Logon Level 1 (Basic) and DS Logon Level 2 (Premium).

WHAT IS A DS LOGON?

A DS Logon is a secure identity (username and password) that is used by various DoD and VA websites, including eBenefits. If you are already registered in DEERS, you are eligible for a DS Logon. Once you have a DS Logon, it is valid for the rest of your life.

HOW DO I REGISTER FOR AN eBENEFITS ACCOUNT?

There are two types of registration, Basic and Premium. With a Premium Account, you can view personal data about yourself in VA and DoD systems, apply for benefits online, check the status of your claims, update your address records, and more. To get a Premium eBenefits Account, you must verify your identity. Many people will be able to verify their identity online by answering a few security questions. Service members may verify their identity online by using their Common Access Card. Military retirees may verify their identity online using their Defense Finance and Accounting Service (DFAS) Logon. For those unable to verify their identity online, you will instantly receive a Basic Account. A Basic eBenefits Account lets you customize the site and access information you enter into eBenefits yourself; however, you cannot see your personal information in VA or DoD systems. For more information on eBenefits visit: www.eBenefits.va.gov

BURIAL & CEMETERY BENEFITS

The U.S. Department of Veterans Affairs (VA) Benefits Administration oversees a burial benefits program designed to assist claimants in meeting the funeral and burial costs of a deceased veteran.

The VA does not make funeral arrangements with a funeral provider or cremation office. You should advise your family of your wishes and where your discharge papers are kept. These papers are very important in establishing your eligibility. You may wish to make pre-need arrangements with a funeral home.

BURIAL & CEMETERY BENEFITS

SERVICE-CONNECTED DEATH

If a veteran's death is service-connected, the VA will pay burial allowance of up to \$2,000 for deaths on or after Sept. 11, 2001. If the veteran is buried in a VA national cemetery, some or all of the cost of moving the veteran's body to the national cemetery nearest the veteran's home may also be reimbursed. There is no time limit for applying for a service-connected burial allowance. The person who bore the veteran's burial expense may claim reimbursement from any VA regional office.

NON-SERVICE-CONNECTED DEATH

If a veteran's death is not service-connected, there are two types of payments the VA may make: Burial and plot expense allowances. The VA will pay a burial and plot allowance if the veteran was dis-

charged under conditions other than dishonorable and the veteran was in receipt of VA pension or compensation at the time of death. If a veteran died while in a VA facility or as a patient at an approved state nursing home, the VA may also pay this allowance.

BURIAL PLOT ALLOWANCE

When a veteran is buried in a cemetery that is not under the U.S. government jurisdiction, the VA may also pay a plot allowance, provided that the veteran was discharged under a condition other than dishonorable; and met other qualifications similar to that of a non-service-connected death.

FILING A CLAIM FOR REIMBURSEMENT OF EXPENSES

To file for reimbursement of burial expenses, an Application of Burial Allowance

form must be submitted to the VA. The person filing the claim must also provide a certified copy of the veteran's death certificate and proof of the veteran's military service (Form DD-214), and itemized bills of the funeral and burial expenses.

BURIAL FLAG

A United States flag is provided, at no cost, to drape the casket or accompany the urn of a deceased veteran who served honorably in the U.S. Armed Forces. It is furnished to honor the memory of a veteran's military service to his or her country. When burial is in a national, state or post cemetery, a burial flag will automatically be provided. When burial is in a private cemetery, the funeral director will generally help the next of kin with this process.

HEADSTONE AND MARKERS

The Department of Veterans Affairs (VA) furnishes upon request, at no charge to the applicant, a Government headstone or marker for the unmarked grave of any deceased eligible veteran in any cemetery around the world, regardless of their date of death.

For eligible veterans that died on or after Nov. 1, 1990 and whose grave is marked with a privately purchased headstone, VA may also furnish a headstone or marker to supplement the grave or a medallion to be affixed to the privately purchased headstone.

Eligible veterans are entitled to either a Government-furnished headstone or marker, or the new medallion, but not both.

BRONZE MEDALLIONS FOR HEADSTONES AND MARKERS

The Department of Veterans Affairs (VA) may also provide a medallion, by request, to be affixed to an existing privately purchased headstone or marker to signify the deceased's status as a veteran.

If requested, the medallion is furnished in lieu of a traditional Government headstone or marker for veterans that died on or after Nov. 1, 1990, and whose grave is marked with a privately purchased headstone or marker.

BURIAL AT SEA

The VA National Cemetery Administration cannot provide burial at sea. For information, contact the U.S. Navy Mortuary Affairs office toll free at: **(866) 787-0081.**

MILITARY FUNERAL HONORS

The Department of Defense (DoD) is responsible for providing military funeral honors. "Honoring Those Who Served" is the title of the DoD program for providing dignified military funeral honors to veterans who have defended our nation.

Visit the North Carolina Veterans Affairs website for further information and instructions about this service.

www.nc4vets.com

PRESIDENTIAL MEMORIAL CERTIFICATES

A Presidential Memorial Certificate (PMC) is an engraved paper certificate, signed by the current president, to honor the memory of honorably discharged deceased veterans.

SURVIVOR BENEFIT PLAN

When a military retiree dies, their retirement pay stops. This means that the surviving spouse no longer receives income. If a veteran is a military retiree, thought needs to be given as to how to protect the spouse from hardships caused by the loss of the retirement pay.

One option available is the Survivor Benefit Plan (SBP). The SBP is an insurance plan that will pay the veteran's surviving spouse a monthly payment (annuity) to help make up for the loss of retirement income. The plan is designed to protect survivors against the risks of the veteran's early death, a survivor outliving the benefits, and inflation.

Survivors should report retiree deaths to the Defense Finance and Accounting Services (DFAS) casualty office at:

(800) 321-1080.

NORTH CAROLINA STATE & NATIONAL CEMETERIES

THE AMERICAN LEGION

Veterans proudly serving America for nearly a century

When it comes to assisting veterans and helping members of the U.S. Armed Forces make the transition to civilian lives, no one does it better than The American Legion. Since its founding in 1919, The Legion has been assisting generations of veterans and their families. As the nation's largest veterans service organization, the 2.3 million member American Legion is at work every day throughout the country and beyond, ensuring that those who served our nation in uniform, and their families, receive the care, support, honor and services they earned and deserve.

Veterans Advocacy

- Nearly 3,000 accredited American Legion service officers are working with veterans on nearly 750,000 VA claims right now.
- The American Legion is working with VA in Washington and across the country to improve access to care, performance and claims processing.
- Legion volunteers annually log millions of hours and raise millions of dollars for VA health-care facilities nationwide.
- As the voice of the stakeholder and advocate for the health-care provider, the Legion works continuously for adequate VA funding and staffing.

TROOP SUPPORT

Worldwide, The American Legion provides tireless support, a voice in Washington, financial assistance, volunteer help, comfort items and more for the men and women who serve our nation in uniform, along with military retirees and their families.

YOUTH

American Legion youth programs offer healthy, educational and wholesome activities for thousands of young people every year. Among the programs are American Legion Baseball, Boys State and Boys Nation, Junior Shooting Sports and oratorical competition.

AMERICANISM

The American Legion proudly stands for the values symbolized by the flag under which members of our Armed Forces have served. U.S. flag education, voting, citizenship and naturalization programs and patriotic leadership are all part of that landscape.

COMMUNITY

Each American Legion post offers a unique set of community services, from Boy Scout leadership to after-school programs to support for children's hospitals and local charities. Through more than 13,500 posts, Legionnaires know what it means to serve.

NAVIGATING VA
HEALTH CARE SYSTEM

"THIS WARRIOR, a retired Marine Sergeant, was robbed of all of his limbs when an Improvised Explosive Device detonated below him in Afghanistan in 2010.

We will never forget the sacrifices of our brothers and sisters, the ones who came home and the ones who did not. God bless our vets, their families, and VA health care workers, many of whom are veterans themselves."

*-Ilario Pantano, USMC
Director, North Carolina
Dept. of Veterans Affairs.*

VA HEALTH CARE BASIC ELIGIBILITY

A person who served in the active duty military and who was discharged or released under conditions other than dishonorable may qualify for VA health care benefits.

Reservists and National Guard members also may qualify for VA health care benefits if they were called to active duty (other than for training only) by a federal order and completed the full period for which they were called or ordered to active duty.

Veterans who enlisted after Sept. 7, 1980, or who entered active duty after Oct. 16, 1981, must have served 24 continuous months or the full period for which they were called to active duty in order to be eligible. This minimum duty requirement may not apply to veterans discharged for hardship, early out, or a disability incurred or aggravated in the line of duty.

5-YEAR POST DEPLOYMENT BENEFIT.

Veterans, including members of the National Guard and activated reservists, are eligible for the enhanced "Combat Veteran" benefits if they served on active duty in a theater of combat operations after Nov. 11, 1998, and have been discharged under honorable conditions.

ENROLLMENT

For most veterans, entry into the VA health care system begins by applying for enrollment.

To apply, complete VA Form 10-10EZ, Application for Health Benefits, which may be obtained from a VA health care facility or regional benefits office, online or by calling VA.

Once enrolled, veterans can receive health care at VA health care facilities anywhere in the country. Veterans enrolled in the VA health care system are afforded privacy rights under federal law.

During enrollment, each veteran is assigned to a priority group based on their service connected disability rating and other factors. VA uses priority groups to balance demand for VA health care enrollment with resources.

STANDARD BENEFITS

VA's medical benefits package provides the following health care services to all enrolled veterans:

- Preventive Care Services
- Ambulatory (Outpatient) Diagnostic and Treatment Services
- Hospital (Inpatient) Diagnostic Treatment
- VA prescribed Medications and Supplies
- Durable Medical equipment
- Eyeglasses
- Hearing Aids
- Home Health Care Services
- Non-VA Health Care Services
- Orthopedic, Prosthetic, and Rehabilitative Devices
- Rehabilitative Services
- Readjustment Counseling
- Sexual Trauma Counseling

ACUTE CARE SERVICES

These services may have limitations and special eligibility criteria:

- Ambulance service
- Dental Care

MILITARY SEXUAL TRAUMA

Military Sexual Trauma (MST) is the term that the Department of Veterans Affairs uses to refer to sexual harassment that occurred while the veteran was in the military. It includes any sexual activity where someone is involved against his or her will—he or she may have been pressured into sexual activities (for example, with threats of negative consequences for refusing to be sexually cooperative, implied faster promotions, or better treatment in exchange for sex), and may have been unable to consent to sexual activities (for example, when intoxicated), or may have been physically

forced into sexual activities. Other experiences that fall into the category of MST include unwanted sexual touching or grabbing; threatening, offensive remarks about a person's body or sexual activities; and/or threatening or unwelcome sexual advances.

Both women and men can experience MST during their service. All veterans seen at Veterans Health Administrations facilities are asked about experiences of sexual trauma because they know that any type of trauma can affect a person's physical and mental health, even many years later. People can recover from trauma and

the VA has free services to help veterans do this. You do not need to have a VA disability (service connected) rating to receive these services and may be able to receive services even if you are not eligible for other VA care. You do not need to have reported the incident(s) when they happened or have other documentation that they occurred.

For more information, veterans can speak with a VA healthcare provider, contact the MST Coordinator at their nearest VA Medical Center, or contact their local Vet Center. More MST information can be found at mentalhealth.va.gov.

WOMEN VETERANS HEALTH CARE

1-855-VA-WOMEN [1-855-829-6636]

Women veterans are eligible for the same VA benefits as male veterans. Comprehensive health services are available to women veterans including primary care, mental health care and reproductive health care services. VA provides management of acute and chronic illnesses, preventive care, contraceptive services, menopause management, and cancer screenings, including pap smear, and mammograms, and gynecology.

- Maternity care is covered in the medical benefits package to include care for newborn children of women veterans for up to 7 days after birth. VA is also mandated to implement pilot programs to provide child care to women veterans receiving medical care, and to provide readjustment services to women veterans. Infertility evaluation and limited treatments also are available.
- Women Veterans Program Managers are available at all VA facilities to help veterans seeking treatment and benefits.

SERVICES FOR COMBAT VETERANS

The Vet Center Combat Call Center is an around the clock confidential call center where combat veterans and their families can call to talk about their military experience or any other issue they are facing in their readjustment to civilian life. The staff is comprised of combat veterans from several eras as well as family members of combat veterans.

SEE NC4VETS MAPS FOR YOUR LOCAL HEALTH SERVICE LOCATION: Pg's 4-11

VET CENTERS

Services provided at the Vet Center include bereavement and readjustment counseling to individuals, groups, couples, and families.

If you served in a combat zone and received a campaign ribbon, you and your family are eligible for Vet Center services. In addition, parents, siblings, spouses and children of any active duty service member who dies while on active duty are eligible for bereavement counseling services. Services are also provided to any veteran who experienced military related sexual trauma while on active duty.

VETERANS CHOICE PROGRAM

Learn more about the VA's Veterans Choice Program by visiting their website at:
www.va.gov/opa/choiceact

Many Veterans now have the option to receive non-VA health care rather than waiting for a VA appointment or traveling to a VA facility.

- You have been told by your local VA medical facility that you will need to wait more than 30 days from your preferred date or the date medically determined by your physician.
- Your current residence is more than 40 miles from the closest VA medical facility.
- You need to travel by plane or boat to the VA medical facility closest to your home.

The new Choice Program will begin to cover non-VA care for eligible Veterans enrolled in VA healthcare. Veterans are eligible if any of these situation apply to you:

- You face an unusual or excessive burden in traveling to a VA medical facility based on the presence of a body of water (including moving water and still water) or a geologic formation that cannot be crossed by road.
- To set up an appointment with a non-VA provider, call the VA at **866-606-8198** and we will work with you to ensure you are approved for care in your community.

We're here to help **you** navigate in **your** transition.

TRAVEL REIMBURSEMENT

The VA is authorized to provide eligible Veterans and other beneficiaries mileage reimbursement, common carrier (plane, train, bus, taxi, light rail etc.), or when medically indicated "special mode" (ambulance, wheelchair van) transport for travel to and from VA, or VA authorized non-VA health care for which the Veteran is eligible. Veterans qualify for travel benefits if:

- Veteran has a service-connected (SC) disability of 30% or more.
- Travel is in connection with care for SC disability
- Previous year income does not exceed maximum VA pension rate
- Projected income in travel year does not exceed maximum VA pension rate
- Travel is for a C&P exam
- Travel is to obtain a service dog
- Travel is in relation to VA transplant care

Beneficiaries may apply for travel orally or in writing generally at the facility where care was provided however, in some cases there may be an alternate process. For more information, go to the Beneficiary Travel Office at the treating facility or call 877.222.8387 or visit: <https://iris.custhelp.com/>

SCHEDULED VERSUS UNSCHEDULED APPOINTMENTS

Scheduled appointments qualify for round-trip mileage. Unscheduled visits may be limited to return mileage only.

In order to be eligible for travel benefits when transporting to VA care or treatment, a veteran must actually be incurring an expense. Should one or more veterans travel together in a private vehicle, only the owner of the vehicle is actually incurring expenses and therefore is the only person entitled to travel reimbursement. However, should

multiple veterans share a vehicle where passengers must pay for their transport such as a taxi or where one veteran pays another for transportation, then all are entitled to travel reimbursement either at the mileage reimbursement rate or actual expense, whichever is less. Such persons must provide a receipt to indicate an incurred expense and to receive reimbursement. Find your local medical center for reimbursement rates.

VA HOSPITAL TRANSPORTATION SERVICE PROGRAM

The Veterans Health Administration has a transportation program for non-ambulatory and remote VA patients. The Veterans Transportation Service (VTS) provides transport for veterans to VA Medical Centers (VAMCs). These services include vehicle routing and scheduling software for VA Medical Facilities.

While all veterans with VA funded medical appointments are eligible to ride VTS, a first priority is given to wheelchair-bound patients who have no other transportation alternatives. VTS is establishing a network of community and volunteer transportation services to improve access to VA health care, including the Durham VAMC.

RESERVATIONS ARE REQUIRED

Reservations are needed for transportation at least four full business days before the date of transport is needed. Specific information about the veteran is also required.

DAV TRANSPORTATION NETWORK

Because many veterans lack transportation to and from VA medical facilities for needed treatment, the Disabled American Veterans (DAV) operates a nationwide Transportation Network to meet this need. Through the Transportation Network, DAV volunteers drive veterans to and from VA medical facilities for treatment.

The Transportation Network is a clear example of veterans helping veterans. The DAV has 189 Hospital Service Coordinators around the country who coordinate the transportation needs for disabled veterans. Contact your local medical center for more information.

VOLUNTEER DRIVERS NEEDED:

The DAV is always looking for volunteer drivers. If you are interested in volunteering in the DAV Transportation Network please visit: www.dav.org/help-dav/volunteer/drive-a-van.

TRAUMA AND PTSD

Post Traumatic Stress Disorder (PTSD) is a mental health issue that can occur after someone goes through a traumatic event such as war, assault, disaster, or a car accident. Most people have some stress reactions after a trauma.

Each service member will have their own experiences. However, understand that almost all service members will need time to readjust after being in a war zone. This can be especially intense during the first months at home. Common stress reactions are a normal part of readjustment.

The stigma of mental health issues can be a huge barrier for people who need help, but knowing when and how to get help is actually part of military training.

Visit your local Vet Center (complete list of locations are on page 49) if you would like to talk to someone about what you are experiencing. You can also learn more about PTSD at ptsd.va.gov

TRAUMATIC BRAIN INJURY [TBI]

Major advancements in protective and medical technology have vastly increased survivability rates among wounded U.S. service members. They have also introduced new challenges to care for increasing numbers of veterans and service members with extremely complex injuries, particularly polytrauma and traumatic brain injury.

A Traumatic Brain Injury (TBI) happens when something outside the body hits the head with significant force.

This could happen when the head hits a windshield during a car accident, when a piece of shrapnel enters the brain, or during an explosion of an improvised explosive device (IED).

Individuals who sustain a TBI may experience a variety of effects, such as an inability to concentrate, an alteration of the senses (hearing, vision, smell, taste, and touch), difficulty speaking, and emotional and behavioral changes.

If you experienced head trauma during your service, please contact the VA to schedule an examination. To learn more about TBI, visit www.polytrauma.va.gov

CHAMPVA AND TRICARE

The Civilian Health and Medical Program of the U.S. Department of Veterans Affairs (CHAMPVA) is a comprehensive health care program in which the VA shares the cost of covered health care services and supplies with eligible beneficiaries. The program is administered by Health Administration Center.

Due to the similarity between CHAMPVA and the Department of Defense (DOD) TRICARE program (sometimes referred to by its old name, CHAMPUS) the two are often mistaken for each other. CHAMPVA is a U.S. Department of Veterans Affairs (VA) program whereas TRICARE is a regionally managed health care program for active duty and retired members of the uniformed services, their families, and survivors. In some cases a veteran may look to be eligible for both/either program on paper. However, if you are a military retiree, or the spouse of a veteran who was killed in action, you are and will always be a TRICARE beneficiary.

NON-VA MEDICAL CENTER EMERGENCY CARE

Veterans are eligible for emergency care at non-VA facilities under certain circumstances. The 2010 Veterans Emergency Care Protective Act enabled VA to reimburse veterans enrolled in VA health care for the remaining cost of emergency treatment if the veteran has outside insurance that only covers part of the cost.

If the non-VA emergency care is received, notification to the nearest VA health care facility must be made within 72 hours of hospitalization. VA payment is limited up to the point that veteran's condition is stable for transport to a VA Facility.

The VA can also provide retroactive reimbursements for emergency care received or after July, 19, 2001, if considered appropriate under the circumstances.

ONLINE MANAGEMENT

Managing your health information appointments, prescriptions, labs, blood tests and even exchanging messages with your health care team has never been easier.

My HealtheVet, your online Personal Health Record, helps you gain a better understanding of your health status and allows you to explore a variety of ways to monitor and improve your health, 24 hours a day/7days a week.

To get the most out of My HealtheVet, veterans are urged to visit their local VA health care facility to get an upgraded account, known as In-Person Authentication (IPA). This simple process allows you to use My HealtheVet to:

- View your VA appointments
- Access VA wellness reminders
- Communicate online through secure messaging
- View laboratory results and more

To begin using My HealtheVet, register today at www.myhealth.va.gov

RETURNING VETERANS AND POSSIBLE BEHAVIORAL HEALTH ISSUES

"Although the majority of veterans who return from deployment do not have a behavioral health condition and have not experienced a traumatic brain injury (TBI) all service members, veterans and family members experience a period of readjustment as they reintegrate into life with family, friends and community. STUDENT VETERAN PROGRAMS

As a veteran, there are education benefits available which you may use for a wide variety of approved education and training programs, including: apprenticeship and on-the-job training, college degree and certificate programs, flight training, and correspondence courses.

EDUCATION TUITION ASSISTANCE

POST 9/11 GI BILL

The Post-9/11 GI Bill provides financial support for education and housing to honorably discharged veterans with at least 90 days of aggregate service on Title 10 Active Duty or Title 32 Active Guard Reserve Duty after Sept. 10, 2001, or individuals discharged with a service-connected disability after 30 days. The Post 9/11 GI Bill will pay eligible individuals full tuition and fees directly to the school for all public school in-state students, attending classes at a greater than halftime rate. A Monthly Housing Allowance (MHA) based on the Basic Allowance for Housing (BAH) for an E-5 with dependents is also provided. Distance learning enrollee's housing allowance is equal to half the national average BAH for an E-5 with dependents. An annual books and supplies stipend is paid proportionately based on years of active duty service. (GIBill.va.gov)

RESERVE EDUCATIONAL ASSISTANCE PROGRAM [REAP]

REAP is a Department of Defense (DoD) education benefit program designed to provide education assistance to members of the Reserve components called or ordered to active duty in response to a war or national emergency (contingency operation) as declared by the President or Congress.

Eligible veterans must be a member of a Ready Reserve component (Selected Reserve, Individual Ready Reserve, or Inactive National Guard) to pay into the "buy-up" program. Guard members are eligible if they were serving under Title 32 orders for 90 consecutive days as authorized by the President or Secretary of Defense for a national emergency which is supported by federal funds.

The DoD or Department of Homeland Security (Coast Guard) determine eligibility www.benefits.va.gov/gibill/reap.asp

MONTGOMERY GI BILL

Montgomery GI Bill (MGIB) benefits are available for service members and veterans to help with education and training costs.

MGIB can be used to pay for many different programs including the following degrees; business, technical or vocational courses, distance learning including correspondence courses, apprenticeship/job training, flight training, licensing and certification exams.

VA educational benefits may be used while the service member is on active duty or after the service member's separation from active duty with a fully honorable military discharge. Discharges "under honorable conditions" and "general" discharges do not establish eligibility.

Eligibility generally expires 10 years after the service member's discharge. However, there are exceptions for disability, re-entering active duty, and upgraded discharges. (GIBill.va.gov)

FOLDS OF HONOR (PRIVATE)

Folds of Honor proudly stands in the gap, providing scholarships and assistance to the spouses and children of those killed or disabled in service to America.

POST-9/11 GI BILL TRANSFER OF ENTITLEMENT

The post-9/11 GI Bill also offers some service members the opportunity to transfer their GI Bill to dependents. An individual approved to transfer an entitlement to educational assistance under this section may transfer the individual's entitlement to the individual's spouse, or one or more of the individual's children or any combination of spouse and child. A family member must be enrolled in the Defense Eligibility Enrollment Reporting System (DEERS) and be eligible for benefits, at the time of transfer to receive transferred educational benefits.

TUITION ASSISTANCE - [TOP-UP]

TOP-UP allows the VA to reimburse an individual for all or a portion of the charges for courses that are not reimbursed under certain military education programs. The amount of this benefit can be equal to the differences between the total cost of a college course and the amount of Tuition

Assistance that is paid by the military for the course.

To be eligible for the TOP-UP benefit, the person must be approved for federal tuition assistance by a military department and be eligible for Montgomery GI Bill (MGIB)-Active Duty benefits or the Post-9/11 GI Bill.

To receive this benefit, your school must agree to participate in the Yellow Ribbon Program.

VETERANS EDUCATIONAL ASSISTANCE PROGRAM [VEAP]

Benefit entitlement is for one to 36 months depending on the number of monthly contributions. You have 10 years from your release from active duty to use VEAP benefits. If the entitlement is not used after the 10-year period, your portion remaining in the fund will be automatically refunded.

Pat McCrory proposed, and the General Assembly approved \$5.8 million for public colleges and universities, including community colleges, to participate in the federal Yellow Ribbon Program, which provides schools matching federal funds to cover part of the gap between in-state tuition and out-of-state tuition or tuition at a private institution.

DEPENDENTS' EDUCATIONAL ASSISTANCE [DEA]

DEA is a federal VA benefit that provides education and training opportunities to eligible dependents, spouses and survivors of certain veterans.

To be eligible, you must be the dependent or spouse of a veteran who died or is permanently and totally disabled as the result of a service-connected disability, a veteran who died from any service-connected disability, a service member missing in action or captured in line of duty, a service member forcibly detained or interned in line of duty, or a service member who is hospitalized or receiving outpatient treatment for a service-connected permanent and total disability.

HOW TO REGISTER YOUR APPRENTICESHIP PROGRAM

REGISTERED APPRENTICESHIP SPONSORS

Industries today are constantly on the lookout for talent, and North Carolina's Veterans are a proven talent pool. The Departments of Veterans Affairs (VA) and Labor (DOL) are working together to make GI Bill approval for registered apprenticeship programs a seamless process.

As a Registered Apprenticeship program, your program may be "Approved for GI Bill". To determine whether your program is eligible, it is best to first contact your State Approving Agency (SAA) for advice and guidance. Find your state's contact information: nccommerce.com/workforce/job-seekers/apprenticeship

VETERANS EDUCATIONAL ASSISTANCE PROGRAM [VEAP]

The Post-Vietnam Era Veterans Education Assistance Program (VEAP) is available if you elected to make contributions from your military pay to participate in this education benefit program. You can use this benefit for degree, certification, correspondence, apprenticeship/job training programs, and vocational flight training programs. www.benefits.va.gov/gibill/veap.asp

VOCATIONAL REHABILITATION AND EMPLOYMENT [VR&E]

The Vocational Rehabilitation and Employment (VR&E) VetSuccess Program assists veterans with service-connected disabilities to prepare for, find, and keep suitable jobs. For veterans with service-connected disabilities so severe that they cannot immediately consider work, VetSuccess offers services to improve their ability to live as independently as possible.

Eligibility and entitlement for VR&E are two different things. You may meet eligibility criteria, yet not be entitled to services. The first step in the VR&E process is to be evaluated upon application to your local VA Regional Office, to determine if you qualify for services. Please contact your local service officer for further assistance. See pages 4-11 for contact information.

www.benefits.va.gov/gibill/reap.asp

TUITION ASSISTANCE WHILE ON ACTIVE DUTY

This DoD program is administered by the individual branches of the Armed Forces. Tuition Assistance (TA) can be used to pay up to 100 percent of a service member's tuition while taking eligible courses during off-duty hours. Tuition Assistance benefits are capped at \$250 per semester credit hour, with a \$4,500 yearly cap.

NCWORKS APPRENTICESHIP

NCWorks Apprenticeship helps workers learn new specialized skills needed in today's workforce through its apprenticeship programs. The program combines on-the-job training with classroom instruction so participants can become fully competent in the professional knowledge, skills, and proficiency of an occupation.

HOW IT WORKS

Apprentices choose from a variety of occupations in which to pursue an apprenticeship and receive a combination of classroom instruction and on-the-job training. Participants are paid for their work, and their wages will increase as they progress in the program.

Apprentices work as they complete their classes; their work schedule will be determined by their respective employers. When they graduate, apprentices will receive a Certificate of Completion and will have earned the highly skilled "journeyman worker" designation. The program can last one to five years depending on the occupation.

Employers work with the Apprenticeship and Training Bureau to create a written agreement that specifies the length of a participant's training, the related technical instruction, an outline of the skills that person will need to learn, and the wages he or she will earn. The N.C. Department of Commerce must approve this agreement before apprentices can start their training.

To join an apprenticeship program, participants are required to pay an annual fee of \$50. Many employers, however, choose to pay this fee on behalf of their apprentices (although they are not required to do so).

HOMELESS TO HOUSING

HOMELESS PROGRAMS
VA HOUSING PROGRAMS
NC HOUSING AGENCIES

Through partnerships with Federal, State and Local providers, NC4VETS is your one-stop-shop to ensure that all veterans and their families are aware of the many options available to fulfill all of their emergency or home ownership needs.

EMERGENCY SUPPORT AND RESOURCES

If you are a homeless veteran we are here to support you and to help you get back on your feet.

NATIONAL CALL CENTER FOR HOMELESS VETERANS

1-877-4AID-VET
[1-877-424-3838]

Contact VA's National Call Center for Homeless Veterans at **877-4AIDVET (877-424-3838)** to speak to a trained VA responder. The hotline and online chat are free and neither VA registration nor enrollment in VA healthcare is required to use these services.

Expert responders staff the hotline for homeless veterans 24 hours a day, seven days a week. The responders can provide emergency support and resources to homeless veterans, family members, as well as community agencies and non-VA providers.

When you call or join the online chat, you will be connected to a trained VA responder. The responder will ask a few questions and assess your needs.

If you're a veteran, you may be connected with the Homeless Program point of contact and the nearest VA facility.

According to the National Coalition for Homeless Veterans (NCHV), about 23 percent of America's homeless population are veterans. This equates to between 529,000 and 840,000 veterans who are homeless at some time each year. Because of this, the Department of Veterans Affairs and other non-profit organizations have devised a number of initiatives to help our homeless veterans.

See page 93 for some of the initiatives provided by VA for our veterans. -->

VA'S COMPENSATED WORK THERAPY

VA's Compensated Work Therapy (CWT) is comprised of three unique programs which assist homeless veterans in returning to competitive employment: Sheltered Workshop, Transitional Work, and Supported Employment. Veterans in CWT are paid at least the federal or state minimum wage, whichever is the higher.

The Homeless Veteran Support Employment Program (HVSEP) provides vocational assistance, job development and placement, and ongoing supports to improve employment outcomes among homeless veterans and veterans who have been trained as Vocational Rehabilitation Specialists (VSRs).

CWT veterans have been successfully employed over the years in various competitive positions including, but not limited to, health care, information technology, manufacturing, warehousing construction trades, clerical and office support, retail and services delivery. CWT programs develop an individual rehabilitation plan for each veteran and provide a wide range of support services to the veteran at the CWT locations. Benefits including service-connected compensation, and non-service-connected pensions cannot be reduced, denied, or discontinued based on participation in CWT.

The CWT program's mission is to provide realistic and meaningful vocational opportunities to the veteran, and encouraging successful reintegration into the community at the veteran's highest functional level.

Contact your local VA Medical Center on **page 56**.

TRANSITIONAL RESIDENCE PROGRAM

The Transitional Residence (TR) program is a work-based Psychosocial Residential Rehabilitation Treatment Program offering a therapeutic residential setting for veterans involved in Compensated Work Therapy. The TR program provides a rehabilitation-focused residential setting for veterans recovering from chronic mental illness, chemical dependency and/

or homelessness. TR provides a bridge between hospitalization or intensive outpatient treatment in a successful community of peer and professional support, with a strong emphasis on increasing personal responsibility and achievement of individualized rehabilitation goals.

This program differs from other VA-operated residential bed programs in that participants contribute (using their CWT earnings) to the cost of operating and maintaining their residence and are responsible for planning, purchasing and preparing their own meals.

Contact your local VA Medical Center on **page 56**.

HUD-VASH

This joint Supportive Housing Program with the US Department of Housing and Urban Development (HUD) provides permanent housing and ongoing case management treatment services for homeless veterans who would not be able to live independently without the support of case management. HUD's Section 8 Voucher Program has designated more than 10,000 Vouchers to Public Housing Authorities (PHAs) throughout the country for veterans who are homeless. This program allows veterans to live in veteran selected apartment units with a Housing Choice voucher.

These vouchers are portable so that veterans can live in communities served by their VA medical facility where case management services can be provided. See your local county social services office for more information.

DROP-IN CENTERS

These programs provide a daytime sanctuary where homeless veterans can clean up, wash their clothing, and participate in a variety of therapeutic and rehabilitative activities. Linkages with longer-term assistance are also available. Locations vary.

Contact your local Vet Center or VA Community Based Outpatient Clinic for locations and services in your area. See **page 53 or 56**.

STAND DOWNS

Stand Downs are one-to three-day events that provide homeless veterans a variety of services and allow VA and community-based service providers to reach more homeless veterans in a temporary refuge where they obtain food, shelter, clothing and a range of community and VA assistance. In many locations, Stand Downs provide health screenings, referral and access to long-term treatment, benefits counseling, ID cards and access to other programs to meet their immediate needs. For more information on Stand Down dates and locations, please contact the Homeless Veterans Programs Office at 1-877-4AID-VET or visit www.va.gov/HOMELESS, or go to our Facebook page for real-time updates.

VETERANS EMERGENCY RELIEF PROGRAMS

Many military and service organizations have emergency relief programs specifically designated to help veterans and military members and their families. Inquire within local organizations about programs such as the Air Force Aid Society, American Legion Temporary Financial Assistance, Army Emergency Relief, Disabled American Veterans Disaster Relief Grants, Navy-Marine Corps Relief Society, Salvation Army Home Front War Relief Program, and VFW Unmet Needs. For a list of VSO's see **pages 4 - 11**.

AVOIDING DEBT-TRAP LOANS

High-cost, debt-trap loans can create long-term problems for North Carolina Veterans

Across North Carolina, military, veteran, faith and community leaders are increasingly focused on the harm predatory lending inflicts on our communities. Some lenders violate our state law and extend loans designed to trap borrowers in a cycle of debt. Veterans and active duty service members should be aware of which loans are legal and which are illegal in North Carolina, how to avoid a long-term financial headache, and where to turn for help if you need it.

Installment, payday and car-title loans are misleadingly marketed to veterans across the country as a quick fix when they are in a financial bind. However, once vets take out these loans, they find that they cannot pay them off and cover their living expenses. They end up taking out loan after loan after loan, paying new fees each time. This is the “debt trap,” and for some it’s a cycle they remain caught in for months or even years.

Fortunately, payday and car title loans are illegal in North Carolina, including loans made over the internet. However, some lenders still make illegal internet loans to North Carolina residents. If you are caught in one, you should report the lender to the North Carolina Attorney General’s office.

Installment loans, however, are legal in North Carolina as long as the loan does not exceed our state’s interest rate and fee cap. North Carolina law has a complicated formula for determining the maximum annual percentage rate (APR) of interest. Lenders may charge up to 30% on loans up to \$4000, and lower rates (24% and 18%) on amounts above \$4000, as well as small origination fees. Installment lenders are not required by state law to determine whether a borrower actually has the ability to repay a loan. This is significant because a borrower who falls behind on their loan, and refinances to avoid a default, is the ideal customer for these

lenders. Data from the NC Commissioner of Banks office show that, on average, two-thirds of these installment loans made each year in North Carolina are to renew existing accounts.

North Carolina veterans are better off considering other options before taking out one of these loans. Credit counselors can help you make a plan to manage your finances, or can help if you are having trouble repaying an installment loan. Many banks and credit unions offer alternatives to installment loans at a fraction of the interest rates other lenders charge. While most people are hesitant to ask friends or family for money, borrowers caught in the debt trap often turn to them for help to escape it anyway.

We are making progress ending the debt trap, but there is still work to do. The Consumer Financial Protection Bureau is writing new rules for payday, car-title, and high-cost installment loans that will, among other protections, require lenders to ensure that the borrower can effectively repay the loan. In July 2015, the Department of Defense amended an existing rule to close loopholes in the Military Lending Act (MLA), a critical protection designed to prevent abusive lenders from targeting service members and their families. The MLA caps interest rates charged to service members at 36%. Most lenders must comply with these new protections by October 2016. These protections only cover active duty members.

Going forward, it is important that our North Carolina legislature maintain the ban on car-title and payday lending. And it’s important that installment loans not be made even more expensive.

If you would like learn more about this issue, contact **Susan Lupton at the Center for Responsible Lending at susan.lupton@responsiblelending.org or 919-313-8521.**

2014 MILITARY RETIREMENT BENEFITS DEDUCTION

There is no longer a retirement deduction for military retirement benefits included in adjusted gross income for those who do not qualify for the Bailey retirement deduction. The Tax Simplification and Reduction Act (House Bill 998) was signed into law on July 23, 2013. Under this law, all taxpayers will be taxed at a lower rate and be granted a higher standard deduction. The Act made significant changes to the individual income tax law for tax years beginning on or after January 1, 2014.

- **Before Tax year 2014:** Taxpayers were allowed a deduction on their NC return for government retirement income (up to \$4,000) and private retirement income (up to \$2,000), retirement benefits received by vested NC State government, NC local government, or Federal Government Retirees under the Bailey Settlement, and Taxable Social Security.
- **Tax Year 2014:** The deductions for retirement benefits received pursuant to the Bailey settlement and Taxable Social Security are still allowed.

Although the \$4,000 and \$2,000 deduction will no longer be offered; under the Bailey Settlement, if an individual had five years of creditable service as of August 12, 1989, all of their military retirement income is exempt from N.C. State taxes. In addition, beginning in 2014, N.C. has increased the amount of standard deduction across the board, leaving North Carolinians paying lower taxes.

GUIDE DOGS AND SERVICE DOGS

VA may provide guide dogs to blind veterans including the expense of training the veteran on how to use them, and the cost of the dog's medical care.

Additionally, VA may also provide service dogs trained for the aid of hearing impaired veterans and veterans with spinal cord injuries, dysfunction and other chronic impairment that substantially limits mobility. Currently there are pilot programs being conducted by the VA to provide service dogs to veterans who have conditions such as PTSD.

There are also many private non-profit organizations that provide service dogs to disabled veterans.

See a list of non-profits on page 110.

CLOTHING ALLOWANCE

The VA pays a clothing allowance to veterans who, because of a service-connected disability, wears or uses a prosthetic or orthopedic appliance (including a wheelchair) in which the VA determined tends to wear out or tear the clothing. The VA will also pay an annual clothing allowance to veterans who use medication prescribed

by VA physicians for skin conditions caused by a service-connected disability which the VA determines causes irreparable damage to the veteran's outer garment.

AUTOMOBILE ASSISTANCE PROGRAM

The VA offers qualified veterans and active duty service members a one-time payment of up to \$20,114 to be used toward the purchase of an automobile or other forms of conveyance. To qualify, a veteran or service member must have one of the following disabilities including loss, or permanent loss of use, of one or both feet, loss, or permanent loss of use, of one or both hands, or permanent impairment of vision in both eyes to a certain degree.

ADAPTIVE EQUIPMENT

VA will pay for installation of adaptive equipment for automobiles deemed necessary to ensure that eligible veterans will be able to safely operate vehicles, and to satisfy the applicable state standards of licensure. This equipment includes power steering, power brakes, power

windows, lifts, power seats and other special equipment necessary to assist the person into and out of the vehicle or other conveyance.

VA will also repair, replace, or reinstall adaptive equipment determined necessary for the operation of a vehicle acquired under this program, or for the operation of a vehicle an eligible veteran may previously or subsequently have acquired.

INCARCERATED VETERANS BENEFITS

VETERANS COURTS

There is a growing effort nationally to institute Veterans Courts or dockets to allow district attorneys to send military members and veterans into treatment, rather than jail, when they commit a non-violent offense.

These courts are staffed by people who take into consideration charges and challenges facing veterans who return home from war. They may allow some military members to enter into mental health diversion programs as treatment for non-violent infractions as opposed to automatically jailing the offender.

The law relies on the judgment of a prosecutor, who will determine, on a case-by-case basis, which defendants may be eligible for diversion. These prosecutors must consider, for example, whether a veteran who spent four years at a military base should be offered the same diversion opportunity as one who deployed twice to combat situations in Afghanistan or Iraq.

Prosecutors must decide how serious the crime must be before diversion is taken off the table and must consider the victim of the offense.

THE VETERANS JUSTICE OUTREACH (VJO) PROGRAM

VJO offers outreach and case management to veterans involved in law enforcement encounters, overseen by treatment courts, and incarcerated in local jails.

INCARCERATED VETERANS BENEFITS

VA benefits are affected if a beneficiary is convicted of a felony and imprisoned for more than 60 days. Disability compensation paid to an incarcerated veteran rated 20 percent or more disabled is limited to the 10 percent rate.

Payments are not reduced for participants in work-release programs, residing in halfway houses or under community control.

Failure to notify VA of a veteran's incarceration can result in overpayment of benefits and the subsequent loss of all VA financial benefits until the overpay-

ment is recovered. VA benefits will not be provided to any veteran or dependent wanted for an outstanding felony warrant.

VA may be able to take a portion of the amount that an incarcerated veteran is not receiving and pay it to his or her dependents, if they can show need.

When a veteran is released from prison, his or her compensation or pension benefits may be restored.

Depending upon the type of disability, the VA may schedule a medical examination to see if the veteran's disability has improved or worsened.

THE HEALTH CARE FOR REENTRY VETERANS PROGRAM

This program offers outreach to veterans incarcerated in state and federal prisons, and referrals and short-term case management assistance upon release from prison.

This service is provided to veterans throughout North Carolina through partnerships with UNC Campuses located in other regions of the State.

The Veterans Law Clinic is handling all types of claims at all stages of the Veterans Affairs claims adjudication process including judicial review.

The Veterans Law Clinic is one of the leading advocates for eligible active duty personnel, veterans, or their survivors. The Clinic accepts cases year-round but cannot accept all cases. To determine eligibility, contact the Supervising Attorney. Craig Kabatchnick, 919-530-6605.

CORRECTION OF ERRORS OR INJUSTICES ON MILITARY RECORDS

Requests to have military records corrected are handled through each branch of service's Boards for Correction of Military Records.

All requests to correct an error to military records must be filed within three years of discovery of the error and contain evidence, such as signed statements from you and other witnesses or copies of records that support your case. It is not enough to provide the names of the witnesses.

Applying for a correction is a simple process; however, it is recommended you use the services of a VSO.

APPLYING FOR REVIEW OF DISCHARGE

You must make your application for discharge upgrade within 15 years of discharge. If your discharge is older than 15 years, you must apply for a change to your military records using the process detailed above.

Form DD 293 (Application for the Review of Discharge or Dismissal from the Armed Forces) can be obtained from NCDVA or a local VSO. See pages 4-11 for contact information.

WOMEN'S SERVICES

Women veterans are a vital part of the veteran community nationally and more than 84,000 women vets have chosen to make North Carolina their home.

Drivers on the Job

NORTH CAROLINA WOMEN VETERANS

In 2014, North Carolina ranked 6th in the United States in its population of women veterans while ranking 8th in veterans population overall. The women veterans population is the fastest growing segment of vets nationally and in North Carolina.

According to the National Center for Veterans Analysis and Statistics, while the overall veteran population of the United States is expected to decrease significantly in the future, the percentage of women veterans is projected to nearly double in the next 30 years. In 2015, North Carolina ranked 5th in the nation in the number of veteran women-owned employer firms by numbers employed.

NATIONAL GROWTH IN WOMEN VETERAN-OWNED BUSINESSES SINCE 2012:

- 35.9 percent of U.S. business owners are women
- 383,302 veteran women-owned businesses exist – an increase of 294.7% over the 2007 Census data
- Veteran women-owned businesses and firms with no employees generated a total of \$17.9 billion in receipts (businesses with employees generated \$10.9 billion)

Women veterans are a vital part of the veteran community nationally and more than 84,000 women vets have chosen to make North Carolina their home.

A study released by Disabled American Veterans in November 2014 found that women veterans continue to experience “stubbornly high” unemployment rates, a known precursor to poverty. Women veterans are the fastest growing segment of the homeless veteran population, and are at higher risk for homelessness than their male counterparts and female nonveterans.

A 2010 study conducted by the United States Department of Veterans Affairs found that 31 percent of female veterans did not believe they were eligible for VA benefits, mainly due to a perception that they were not a veteran unless

they had served in combat. We here in North Carolina are working to change that misperception, and we need your help to spread the word. Under Federal law, a veteran is any person who has served honorably on active duty in the armed forces of the United States and was discharged or released under conditions other than dishonorable.

The North Carolina Department of Military and Veterans Affairs (NCDMVA) is committed to providing information, advocacy, outreach and support to all women veterans and their families in the state. The NCDMVA also seeks to ensure that women veterans are aware of their federal and state benefits so they can obtain the unique care and assistance that is available to them.

Outreach efforts are expanding every year to aid women veterans in improving access to support and services from public and private organizations that specifically address the needs of women veterans, but we are not content to stop there, we want to do more! Let us know how by dropping me an email at Catherine.Barker@NC.gov.

God Bless and Semper Fi!

NCDMVA Women

THE NCDMVA wants all women veterans to know about their available veteran benefits, services and resources. Many women veterans are not aware of all the benefits and programs they qualify for or are eligible to receive.

NORTH CAROLINA WOMEN VETERANS SUMMIT AND EXPO

The North Carolina Women Veterans Summit and Expo is a biennial event whose purpose is to empower women veterans to live healthy, happy lives, become successful leaders in their communities, and to advocate on behalf of other women veterans. Women veterans throughout the state participate in this event to share their stories and exchange ideas about business, entrepreneurship, educational and career opportunities, and health and wellness. The event features state, local and federal exhibitors, a speaking program, and a series of networking and breakout sessions. NC WVSE (women.nc4vets.com)

NORTH CAROLINA WOMEN VETERANS DAY

Every other year, the Governor may proclaim a day in the year as Women Veterans Day. NCDMVA recognizes the achievements of women veterans who have served in the Armed Forces in defense of their country and is committed to improving veteran opportunities throughout the state for women veterans in particular.

NORTH CAROLINA DEPARTMENT OF COMMERCE

The NC Division of Workforce Solutions provides job seeker services for veterans, transitioning service members, and eligible spouses. Women veterans can visit their local NCWorks Career Center and take advantage of no-cost services, including career assessments, job interview preparation, resume and cover letter assistance, access to computers and free internet service, and help with applying to local and federal employment and training opportunities. Some veterans face significant barriers

that make it difficult for them to find suitable employment. Most offices have specialized staff—all of whom are veterans—who work closely with employers to create more opportunities for these veterans and provide them with referrals to supportive services including vocational rehabilitation, transportation, elder care, food and nutrition services, and non-profit organizations that address homelessness.

UNITED STATES DEPARTMENT OF VETERANS AFFAIRS (VA)

The Women Veterans Call Center (WVCC) answers questions and responds to concerns from women veterans, their families, and caregivers across the nation about VA services and resources. The call is free, and women veterans can call as often as they need until they have the answers to their questions. The VA is taking steps to improve and expand services for women veterans who are homeless or at risk of becoming homeless. Many women veterans face challenges when returning to civilian life that are different from those of their male counterparts, including raising children on their own or dealing with the psychological after effects of events such as military sexual trauma. These issues, without intervention, can put women veterans at greater risk of becoming homeless.

VA Homeless Women Veteran Resources (www.va.gov/homeless/for_women_veterans.asp)

VA VETERANS HEALTH ADMINISTRATION (VHA)

The Veterans Health Care Act of 1992 authorized new and expanded services for women veterans. These services include: counseling for trauma related to sexual assault; specific health care services such as Pap smears, mammography, and general reproductive health care at VA facilities; and mental health services that include substance abuse counseling, evaluation and treatment of Military Sexual Trauma (MST) and post-traumatic stress disorder (PTSD).

The VHA encourages all women between ages 50 and 75 to get mammograms every two years. If your health care provider recommends a mammogram outside of this age range, the VA will still provide it.

The Department of Veterans Affairs Mobile Mammography Unit provides access to mammography screening at selected VA Health Care Centers in North Carolina, and is one of only two regional mobile radiology units in the US. The Mobile Mammography Unit features digital mammography technology; all-female technologists; a private changing room with separate clinical exam room; and the privacy and comfort of a traditional screening center with the convenience of a fully functioning mobile unit.

The Women Veterans Health Program promotes the health, welfare, and dignity of women veterans and their families by ensuring equitable access to timely, sensitive, and quality healthcare. There is a full-time Women Veteran Program Manager at every VA Medical Center, a Women's Liaison at every community-based outpatient clinic, and a Women Veterans Coordinator at every regional office. VETERANS BENEFITS ADMINISTRATION (VBA)

The VA's Women Veterans Coordinators can assist women veterans with the development and handling of claims for gender-specific conditions, including trauma from sexual harassment and assault. A PDF document has been created that addresses women veterans' 25 most frequently asked questions about their benefits, and it can be found along with many other resources on the VA's Center for Women Veterans (CWV) website. UNITED STATES SMALL BUSINESS ADMINISTRATION (SBA)

In March 2016, the SBA's Office of Veterans Business Development (OVBD) and Office of Women's Business Ownership (OWBO) submitted a report to Congress increasing attention on women veteran-owned small businesses. The report compiles and disseminates information on women veterans, and makes recommendations to improve outreach to women veterans, providing them with greater access to procurement, lending, and affordable capital.

Veteran Women Igniting the Spirit of Entrepreneurship (VWISE) is an entrepreneurial training program for female veterans of all service eras and branches with a passion for and interest in either starting a new small business or growing an existing one. VWISE enables female veterans to learn business-savvy skills in order to turn their ideas or businesses into growth ventures while recognizing entrepreneurship as an important part of economic growth nationwide. This unique training program was designed specifically by Syracuse University with the Office of Veterans Business Development, SBA, to encourage and support female veterans with an interest in exploring career opportunities in small business ownership.

UNITED STATES CHAMBER OF COMMERCE

The US Chamber of Commerce is working with the Business and Professional Women's (BPW) Foundation and Military Spouse Employment Partnership in an effort to help women veterans and military spouses find meaningful employment in the private sector. The US Chamber of Commerce hosts tailored events and champions specific forums to address some of the unique challenges these two groups have in obtaining employment.

UNITED STATES DEPT. OF LABOR (DOL)

Women veterans, who comprise 10 percent of the veteran population, but only 2 percent of all working women in America, are a critical segment of today's workforce. Job-hunting can be difficult for anyone, and transitioning veterans may experience culture shock, difficulty translating skills, unfamiliarity with the civilian job search process, and more. Unlike their male veteran peers, women veterans may also experience unique challenges common among nonveteran working women.

Free employment services are available to women veterans nationwide from the DOL Veterans' Employment and Training Service (VETS) Women Veteran Program – these services are targeted to be particularly helpful to women veterans.

As a part of the VETS program, the DOL also funds The Homeless Female Veterans' and Homeless Veterans with Families Program. The program provides supportive services to eligible homeless female veterans and female veterans who are at risk of becoming homeless. The program provides direct services through a case management approach that leverages Federal, State and local resources. Eligible veterans are connected with appropriate employment and life skills support to ensure a successful integration into the workforce.

MILITARY SEXUAL TRAUMA

Military Sexual Trauma (MST) is the term that the Department of Veterans Affairs uses to refer to sexual harassment that occurred while the veteran was in the military. It includes any sexual activity where someone is involved against his or her will—he or she may have been pressured into sexual activities (for example, with threats of negative consequences for refusing to be sexually cooperative, implied faster promotions, or better treatment in exchange for sex), and may have been unable to consent to sexual activities (for example, when intoxicated), or may have been physically forced into sexual activities.

Other experiences that fall into the category of MST include unwanted sexual touching or grabbing; threatening, offensive remarks about a person's body or sexual activities; and/or threatening or unwelcome sexual advances.

Both women and men can experience MST during their service. All veterans seen at

Veterans Health Administrations facilities are asked about experiences of sexual trauma because they know that any type of trauma can affect a person's physical and mental health, even many years later. People can recover from trauma and the VA has free services to help veterans do this.

You do not need to have a VA disability (service connected) rating to receive these services and may be able to receive services even if you are not eligible for other VA care. You do not need to have reported the incident(s) when they happened or have other documentation that they occurred.

For more information, veterans can speak with a VA healthcare provider, contact the MST Coordinator at their nearest VA Medical Center, or contact their local Vet Center. More MST information can be found at mentalhealth.va.gov.

WOMEN VETERANS HEALTH CARE 1-855-VA- WOMEN [1-855-829-6636]

Women veterans are eligible for the same VA benefits as male veterans. Comprehensive health services are available to women veterans including primary care, mental health care and reproductive health care services. VA provides management of acute and chronic illnesses, preventive care, contraceptive services, menopause management, and cancer screenings, including pap smear, and mammograms, and gynecology.

- Maternity care is covered in the medical benefits package to include care for newborn children of women veterans for up to 7 days after birth. VA is also mandated to implement pilot programs to provide child care to women veterans receiving medical care, and to provide readjustment services to women veterans. Infertility evaluation and limited treatments also are available.
- Women Veterans Program Managers are available at all VA facilities to help veterans seeking treatment and benefits.
